REPORT OF THE PUBLIC HEALTH NURSE

The following report is given for the period from January 1 through December 31, 1942:

Home Nursing Visits:

Maternity: 17 visits to expectant mothers.

41 visits to new mothers.

Deliveries Attended: Assisted the physician at 2 home deliveries.

Bedside Nursing Care: 12 visits to give some form of nursing service.

Infant and Preschool Service:

33 children from infancy to school age were given a medical examination.

27 children were given a dental examination.

16 children were vaccinated against smallpox.

20 children were immunized against diphtheria.

1 child was given the Schick Test to determine his immunity against diphtheria.

5 consultations with the Nutritionist to discuss the diets and food habits of the children.

168 health supervision visits were made to the homes.

School Service:

89 children were examined by a local physician.

31 children were vaccinated against smallpox.

13 children were immunized against diphtheria.

19 children were given the Schick Test to determine their immunity against diphtheria.

51 children were given a hearing test with the audiometer.

97 health supervision visits were made to the homes.

First Aid Classes:

2 classes with an average enrollment of 16 and an average attendance of 13.

Respectfully submitted,

CAROLINE SAHLIN, R. N.

Public Health Nurse

HEALTH COMMITTEE REPORT

The Health Committee held two meetings this fall with their Local P.T.A.; one in our new schoolhouse, and one in South Starksboro. Both were well attended. Mr. Harold Slocum, guest for the evening at the village meeting, showed sound films to illustrate his talk on Tuberculosis. The negro voices of "Let My People Live" were much enjoyed.

The present officers were asked to continue for another year.

Sick-room supplies have been added to the Loan and Supply Closets. These supplies include sheets, pillow cases, hot water bags, ice caps, bedpans, thermometers, and other articles. In the village the closet is at Mrs. Delno Baker's home. In South Starksboro, Mrs. Nellie Orvis has the supplies. These supplies are available to all townspeople.

Committee members assisted at the preschool and school medical conferences. All school children were given an opportunity to be examined by a physician this year. The Village P.T.A. donated money for the examination of 24 children.

First-aid Classes were taught by Helen Sander, former nurse, with an average attendance of 12 in the village and 18 in South Starksboro. A total of 18 first-aid kits were made.

The school lunch program was continued until May, with a WPA worker in charge at the Robinson School. Jerusalem School was served from January to June. From September through December Mrs. Kevin Heffernan volunteered to cook without pay. Other schools served one hot dish prepared by the teacher or a parent. Many children benefited by these hot lunches; by gain in weight, better attendance, better work.

We do hope that these health services can continue and feel sure that they will, considering the fine cooperation we have had in the past year.

Respectfully submitted,

MRS. AVA STRONG

Chairman, Village

MRS. HELEN ORVIS

Chairman, So. Starksboro

January 8, 1943

SUPERINTENDENT'S REPORT

The school enrollment in Starksboro for the year 1942-43 is 117 compared with 120 last year. Enrollments in Vermont dropped 5000 pupils during the last school year ending July 1, 1942. Between June, 1938 and December 1, 1942, net enrollments have declined over 10,000 in the state. Between September and December of 1942, the net enrollments have decreased over 300 pupils.

Letters have been sent to the health committee chairmen in most towns receiving services from the Public Health Division of the Vermont Department of Public Health asking for increases in appropriations. Since it is not likely that there will be increased state and federal appropriations, it appears that necessary additional amounts to meet the increasing cost of maintenance will have to come from local sources. The total operating expenses of the seventy-three towns having nursing service in the state for the current year is estimated at \$75,000. The appropriations from the towns came to approximately \$18,000 or about 25 per cent of the total budget, around 25 per cent from state funds and 50 per cent from federal funds.

All the schools in Starksboro are now enjoying the use of the new system of reading introduced into many of my schools last year. This system is now in use in all my elementary schools, being very much appreciated by the teachers.

I am very favorably impressed with the work of the teachers in the different schools. Teachers often do much for the boys and girls which is not included in any school program. As a result of their industry, faithfulness and constructive activities, much real learning takes place. This makes good citizens and that is what we wish in our schools. The teacher is the most important part of any school.

In time of war, Rural America has a tremendous responsibility. It must furnish large quantities of food for victory, as well as many of the fighting men. It must not however lose

sight of the ideals for which the war is being waged. Rural America must lead the way in holding fast to its democratic institutions and the democratic way of living. Education is an essential part of the war effort and the educational system rests upon our public schools. We cannot win the war or the peace unless we do all in our power to maintain the present standards of our schools.

Everyone is being called upon to make many sacrifices for the education of our children. Teachers are being truly patriotic when they sacrifice higher pay and shorter hours to remain in Vermont to teach its rural children. This requires real courage and a determined, intelligent desire to secure for this generation the right to understand and cherish democracy.

Rural America must sacrifice in many ways but it must not sacrifice the right of every child to learn. Much new equipment and perhaps some of our teachers may have to be sacrificed but parents and school officials must not sacrifice the basic minimum education which makes skilled and loyal citizens. Rural children must never be asked to sacrifice the right to good health, the right to vocational training, and the right to prepare intelligently for their part in war and in peace.

With the friendly cooperation which is being shown by the teachers and people of Starksboro it should not be difficult to maintain the present standard of efficiency in our schools for the duration of the war.

JOHN L. SELDEN

OLD AGE ASSISTANCE DEPARTMENT
STATE HOUSE
MONTPELIER, VERMONT

For the information of your taxpayers, the customary annual statement is presented for your town report.

Payments of Old Age Assistance to persons applying from your town amounted to \$3,104.00 during the year January 1, 1942 to December 31, 1942,

The number of recipients in December, 1942 was 15.

As this program touches every community and many persons, we believe the public should know the following facts:

The increase in the cost of food, fuel, rents and services constitutes a serious problem to persons dependent on small fixed allowances and has been the cause of much concern to the Old Age Assistance Department which is responsible for the welfare of about 5,400 aged individuals now receiving assistance. In addition, there are some 500 eligible applicants who cannot yet be helped because sufficient state funds are not available.

The resources of this department and its ability to make grants are determined by the state appropriation which is matched by federal funds. The Legislature, conscious of the needs of the aged citizens of the state, has frequently given favorable consideration to this problem. The expenses of administering the program have been the lowest of any state in the Union on a comparable basis.

The advice and council of local officials and interested persons have been very valuable and are gratefully acknowledged.

Very sincerely yours,

W. ARTHUR SIMPSON

Director

WAR BOND AND STAMP SALES

TO THE PEOPLE OF STARKSBORO:

During the past year the people of the State of Vermont have purchased \$18,000,000 worth of War Savings Bonds. This represents an investment of approximately \$50 for every man, woman and child in the State.

Vermonters were able to buy \$18,000,000 worth of bonds last year mostly because 410 industrial and mercantile establishments throughout the state have provided a means whereby their employees can buy bonds on an installment basis. More than 38,000 men and women are included in the plan. Every week of the month these employers deduct from the employee's wages the amount that the employee has designated and the money is invested in War Savings Bonds.

Good though this record may appear it is not good enough. As Vermonters we did not meet the quota assigned to us, a quota based on known earned income. There are thousands of people throughout the State of Vermont *who have not yet bought a bond*, people who can and should buy them.

When you read this town report and realize that you manage your own town affairs because this is a free country just ask yourself, "Am I putting enough into this war effort to insure a continuance of freedom?" If you are not, then make plans to start buying stamps and bonds at once. Make a regular, definite commitment to buy systematically. Only in that way can you derive the full advantage of having such an investment offered you. Only in this way can our Government derive the benefit of your money *NOW*.

Our President says, "We fight to retain a great past We fight to gain a greater future." Do your part by buying bonds.

WARNING

The Legal Voters of the Town of Starksboro and Town School District in the County of Adison and State of Vermont, are hereby notified and warned to meet at the Town Hall within said Starksboro on Tuesday the Second day of March at ten o'clock Standard Time in the forenoon to transact the following business, viz:

1. To elect a Moderator for the ensuing year.
2. To elect a Town Clerk for the ensuing year.
3. To vote on the following questions: "Shall license for the sale of Malt and Vinous beverages be granted in this Town?"
4. To act on the Sunday law under No. 5 of the Acts of 1939.
5. To see if the voters of the Town will accept and adopt the Auditor's Report for the year 1942-1943 as printed.
6. To elect one Selectman for the term of three years, by ballot.
7. To elect one Lister for the term of three years, by ballot.
8. To elect one Auditor for the term of three years, by ballot.
9. To elect one Auditor for the term of two years by ballot.
10. To elect one School Director for the term of three years, by ballot.
11. Will the voters authorize the Selectmen to appoint one or more Road Commisioners or will the voters elect by ballot.
12. To elect all other officers required by law.
13. To see if the Town will vote to take advantage of

the State Law providing for extra maintenance money from the State, if the Town shall expend not less than \$25.00 per mile from its own funds for such purposes as provided by No. 101 of the Acts of 1937.

14. To see if the Voters will vote money to take advantage of the State Aid on resurfacing and if so, how much.

15. To see what sum on the Grand List the Town will vote to apply on indebtedness and to pay current expenses of the Town School District.

17. To see when the Voters will authorize the Collection of Real and Personal Property taxes, with or without discount, and to whom payable.

18. To see if the Town will authorize the Selectmen to borrow money and pledge the credit of the Town, from time to time, to provide temporarily for past and current obligations as found necessary or expedient by them.

19. To see if the town will vote the sum of \$75.00 towards the support of the Public Health Nurse (Maternal and Child Health Nursing Service) in order that the service already established may be continued, and in such manner as to take advantage of Federal Aid.

20. To transact any other proper business when met.
